

ITIL Self-Study Kit and Online Practice Exam Used by Thousands for Certification

Dallas, TX, June 05, 2007 --(PR.com)-- Thousands of business and technology professionals have achieved the Information Technology Infrastructure Library (ITIL) Foundations certification using KEDAR Information Technologies ITIL Self-Study Kit and ITIL Online Practice Exam.

KEDARit—short for Keeping Enterprise Data and Applications Resilient using Information Technologies—is a leading IT Service Management provider that specializes in consulting and training solutions. More specifically, KEDARit offers consulting solutions for IT strategy development; IT services management planning and process implementation; program/project management compliance; and a full compliment of public and on-site ITIL training courses.

These and other ITIL study products are available on the KEDARit website at www.KEDARit.com. KEDARit has sold over 1,000 ITIL Self-Study Kits and 3,000 ITIL Online Practice Exams. “Experienced IT professionals and business leaders schedules that don't allow them to attend 3-day or more class, find our ITIL Self Study Kit and ITIL Online Practice Exam an excellent learning source that covers each best practice discipline such that they can pass the ITIL® Foundations certification exam,” said KEDARit CEO, Charles Williams.

The KEDARit website offers online ITIL practice exams to individuals, and volume discounted packages for companies conducting in-house training programs.” The online practice exam product contains 120-questions that allow people to test their mastery of the ITIL best practice disciplines, whether they take certification examination or not,” Williams said.

Website visitors can also sign-up for a free membership to the KEDARit online Knowledge Forum. The Knowledge Forum allows members to communicate with peer ITIL practitioners, consultants, and instructors to share ideas and get answers to questions.

From a practical standpoint, KEDARit's website is very user-friendly and functional for site visitors. “It highlights our ITIL study products and contains a wealth of additional information about ITIL and current trends in IT Service Management excellence,” Executive Training Advisor and certified IT Service Manager (ITIL Master) Ron Palmer explained.

For more information about KEDARit and its ITIL study products, courses, and consulting solutions visit www.KEDARit.com or contact the company directly at ContactUs@KEDARit.com or call (972) 317-3577.
